The Friends Tenant Selection and Review committee is comprised of community members and health professionals. I understand and agree to these individuals discussing my application.

In order to provide the best possible service to clients, an extensive interview will be conducted within a short period of time of starting the Supportive Housing Program. We believe that the more knowledgeable we are about a client, the better we are able to provide a quality program.

Information is gathered via discussions, observations and program involvement and is documented. From time to time, we participate in government surveys, studies and research. This info is collected to study and make policy revisions.

A file is kept of each client and is the property of *The Friends*. The appropriate caregiver or client may view their file at an appointed time arranged with the Program Supervisor. The file viewing is supervised and photocopying is not permitted. Please contact the program supervisor for more information.

Please return this form along with completed:

ELIGIBILITY CRITERIA

FOR

SUPPORTIVE HOUSING UNITS

Eligible applicants and tenants receiving Attendant Services will meet the following criteria:

- 1. Over 18 years of age.
- 2. Physically disabled due to congenital or acquired conditions. Disability is defined as physical impairment which prevents the individual from carrying out activities of daily living unaided, without endangering themselves, or within a conventional period of time. The disability is likely to be permanent.
- 3. Require assistance with personal care and activities of daily living. This would include assistance with mobility, transferring and positioning, meal preparation and eating, rising and retiring, dressing and undressing, bathing and grooming, toileting, essential communication and physical body control (e.g. Spasms).
 - Assistance with light housekeeping and laundry may be provided, depending on staff availability. Tenants are encouraged to seek assistance from family and friends for shopping, banking, and outside appointments.
- 4. Capable or potentially capable of directing their own care.
- 5. Have a desire to live independently.
 - Decisions regarding acceptance into the Attendant Services programs are made by *The Friends* Tenant Selections and Review Committees. There are separate Committees for Forest Hill Apartments and Oakwood Heights Apartments. Decisions made by this Committee may be appealed to the Board of Directors.

Priority is influenced by the applicant's level of need as well as availability of alternative housing and service options. Applications will be accepted from any resident of Ontario but priority may be given to residents from Muskoka/Parry Sound District and/or Northern Ontario assuming equal need as determined by the Tenant Selection and Review Committees.

Successful applicants are required to sign a Service Contract and Substitute Decisions Form. At Forest Hill Apartments, tenants must also sign a Lease Agreement. These Agreements will be terminated if the tenant contravenes any part of the Agreements and/or the tenant no longer meets the criteria of the Attendant Services program by reasons that:

- a) Attendant services offered are no longer required.
- b) Tenant's service needs have developed beyond the time or expertise available at *The Friends*.
- c) The tenant has been in hospital or admitted to another institution for a prolonged period.
- d) Other circumstances indicate that the tenant is no longer suitable for this program.

 I have read and understand the Eligibility Criteria.
